REDESIGNED KENWORTH AIRGLIDE SWAY BAR ASSEMBLY

ATRO SW59-29000 and SW59-29001

Models – AG200 / AG380/ AG400

AG460/ AG690 - All Applications

Kit Includes:

- (1) Sway Bar Assembly**
- (2) Sway Bar End Bushings**
- (2) Sway Bar Wrap Bushings**

Features & Benefits

Completely Re-Designed Kenworth Sway Bar, features include:

- * Parabolic side plates – allows for maximum flexibility with strength and decreases fatigue on cross shaft, side plates and weld for durability**
- * New material composition designed for better fatigue resistance and flexibility.**
- * Forged cross shaft – allows for reduced stress from side plate deflection to increase strength**
- * Complete weld penetration/fusion and stress relieved – allows for maximum strength of joints**
- * Heat Treated cross shaft & side plates – for comparable torsional stiffness and return to neutral position**
- * OE type design**
- * New coating for better corrosive resistance**
- * ATRO's unique rotating UltraBushing design for straddle bushings & durable swaybar wrap bushings - both using ATRO's proprietary, long-life polyurethanes**

The following part numbers are also available for purchase:

SW59-29058 Sway Bar Rebuild Bushing Kit

SW59-29454 Sway Bar Thrust Bushing

SW59-29465 Sway Bar Wrap Bushings (set of 2)

SW59-29599 Sway Bar Metal Shaft Collar (old design)
