

POLYLAST

ULTRABUSHING

FOR SEVERE DUTY

by  **ATRO®**

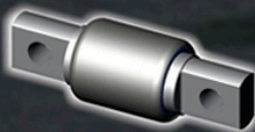

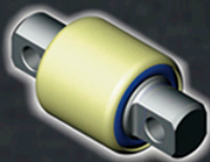

THE UNCOMPROMISING BUSHING FOR THE DEMANDING ROAD

ATRO® Engineered Systems, Inc. proudly announces its newest line — **PolyLast UltraBushings!** This next-generation polyurethane bushing features a zinc-coated, crimped outer sleeve coupled with our unique free-rotation design. This severe-duty polyurethane bushing provides...

- **Better control • Quicker response**
- **Greater load bearing capacities**
- **Extra support for severe and temporary side loads**
- **Provides extra pin support for tough applications (i.e. tri-axes)**

and features...

- **Zinc coating for increased corrosion resistance**
- **Free-rotating design**
- **Automatically zeros out to ride height**

 **ATRO®** Molding The Future With GENUINE ATRO® Parts
1250 Airport Rd. Sullivan, MO 63080 • 800-325-6114
