Trailer Torque Rods and Bushing Kits

When it comes to keeping trailers on the road and fleets operating at peak performance, ATRO trailer suspension parts are the clear choice. Our premium polyurethane torque rods and bushing kits outlast and outperform traditional rubber components, ensuring trailers remain durable, reliable, and cost-effective.

TR53-45305 – Torque Rod, Adjustable 19 1/4"

- ATRO polyurethanes are 3-5 times stronger than rubber.
- Resistant to oils, grease, road salt, and other chemicals.
- Specific compounds optimize the performance of each part.

Don't settle for rubber. Choose ATRO polyurethane parts.

Our superior polyurethane engineering delivers:

- Continuous operation in the most challenging conditions
- The industry's best parts that outperform and outlast comparable rubber parts.
- Fewer suspension system failures caused by exposure to chemicals and harsh weather.

Durable, reliable parts that reduce operating costs.

- ATRO kits save time and cost with everything in one box.
- Our longer-lasting parts mean fewer repairs.

Backed by the industry's best warranty.

- U.S./Canada 3-year warranty
- Export 1-year warranty

Here are some examples of our trailer torque rods and bushing kits. Find more on our website.
